ONLINE RESOURCES

WRRC Website

The WRRC website highlights programs, activities, news, and events. Seminars, publications, annual conference presentations, and online resources are live-streamed and posted for easy access.

wrrc.arizona.edu

UA Water Network

The UA Water Network showcases more than 280 faculty and researchers in 48 departments and programs who specialize in topics related to water such as job postings and comprehensive links to water-related seminars at UArizona.

water.arizona.edu

Arizona Project WET

Arizona Project WET (APW) develops water stewardship and STEM literacy through teacher professional development, direct student outreach, and community engagement.

arizonawet.arizona.edu

Desert Water Harvesting Initiative

The DWHI website enhances communication within the water harvesting community and provides interested local agencies and individuals with resources, including the Water Harvesting Assessment Toolbox.

wrrc.arizona.edu/DWHI

Beyond the Mirage

Beyond the Mirage is an innovative web-based experience that encourages users to explore Arizona's water situation by creating mini-documentaries from a large collection of fact-based video clips.

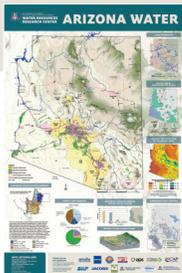

BeyondTheMirage.org

Desert Flows Database

The Desert Flows Database contains information and data through 2015 from more than 400 published studies of streams and their watersheds within the Sonoran, Chihuahuan, and Mojave Desert region.

GREATER DEPTH, BROADER PERSPECTIVE FOR A CLEAR WATER FUTURE

We tackle key water policy and management issues, empower informed decision-making, and enrich understanding through engagement, education, and applied research.

KEEP UP WITH WATER NEWS AND EVENTS

Subscribe to the **Weekly Wave** – the e-News Digest that offers the latest water news, events, and announcements from the WRRC and beyond.

At the same time, you can subscribe to Arroyo – the annual publication that each year examines a topic of importance to Arizona. The 2019 Arroyo discussed “Water, Business, and The Business Of Water.”
